September 20-24, 2010

**Enjoy Salt Lake's Olympic Legacy.** Even though it has been more than 7 years since the Olympics were held in Salt Lake, you can skate on Olympic Ice, stand under the medals arch, ride on the Olympic bobsled and luge track, and take in a Hockey game at the Olympic hockey venue. The Olympics are still alive here, and that's just one way that **Salt Lake is Different by Nature.**
