**Financial Report**

Treasurer Tammy Miller-Davison presented a graphical view of the major components of COPAS' revenues and expenses. Tammy displayed the sources of the 2018 revenues in the form of a pie chart. Revenue is beginning to increase with various educational offerings. The National Office has most of the expenses with education and committee expenses being the next two categories.

## **COPAS 2018 Goals and Objectives**

President Doug Smith presented the goals and objectives for 2018. COPAS Energy Education began to expand offerings and market CEE to the societies. This year, COPAS has sold \$92,000 in classroom CEE instruction, \$58,000 in webinar courses, and \$30,000 in private courses.

The COPAS Foundation Board is continuing to move forward with its objectives.

The APA® goal is in progress. A review course is needed and is being researched.

The goal to increase membership is on-going. RSM was engaged to assist with marketing. Currently, there is a provisional society in East Texas that began meeting. COPAS enhanced the website and also changed the frequency of email communication. Now, there is a weekly email for CEE offerings and a weekly email for COPAS opportunities.

Publications are one of the most important aspects of our organization. Currently, the Audit and Joint Interest Committees are working on an MFI for Remote Technology Centers and working on a new Accounting Procedure. There was also a Model Form Modification suggested at this most recent meeting.

## **Board of Directors Report**

On July 18, 2018, the Board met and approved the renewal of the D&O insurance policy for \$1,143. The Board approved the Oklahoma City society to select the best dates that work for the Spring 2020 meeting. The Board approved the registration fees for the Spring 2019 meeting in Memphis, TN. The Board approved the registration fees for the Fall 2019 meeting in Tulsa, OK. The Board approved the 60-day notice to be sent no later than July 20, 2018.

On August 15, 2018, the Board met via teleconference and approved the resignation of Deanna Duell as Secretary and nominated Melissa Gruenewald to serve as Secretary for the remaining term.

On September 17, 2018, the Board approved the KYCD contract. The Board also approved \$3,000 for development of nine CEE-in-a-box modules.

## **Membership and Society Activity Report**

Wade Hopper provided an update on the society activity. East Texas is holding meetings and is moving forward to be an active participating society. Austin is still working to form, and the Board of Directors is currently working with them. Acadiana is currently struggling as membership has dwindled. The Board will continue to work with them to remain an active society.

## **By-Laws Report**

Wade Hopper discussed an issue that was discovered related to the definition of an audit in the by-laws. The Board will do research concerning the definition of an audit and what is meant in the by-laws.

### **Leadership Conference**

Wade Hopper reported that the leadership conference was a success and had strong representation from multiple societies. The topics discussed were administrative issues and current and future educational opportunities. During the conference, the group also divided up into smaller groups and came up with some new and innovative ideas that can be explored.

### **Leadership Dinner & First-Timers Breakfast**

Charlie Stovall reported on the leadership dinner and the first-timers breakfast. The leadership dinner was Art Museum of South Texas. The first-timers breakfast had 41 in attendance with 28 first-timers. The 28 first-timers broke up into four different teams for the scavenger hunt. The winners of the scavenger hunt were announced at the banquet.

### **Research & Advisory Committee**

Dan Triezenberg presented the report from the Research & Advisory Committee. The Research & Advisory Committee is made up of COPAS past presidents. The Ring of Honor is a new award that was started last year. It was started to recognize individuals that contributed greatly to various projects over the years.

Doug Smith presented the Ring of Honor recipients. The honorees for 2018 are Bob Wilkinson and David Smylie.

Bob Wilkinson is a past president of PASO—Tulsa. He provided the COPAS legislative update for many years. He also helped organize and support the ONRR meetings for PASO—Tulsa. He is also a former Revenue Committee Chair and former member of the Board of Directors of COPAS.

David Smylie is an Eagle award winner. David participated in many publication teams including MFI-48 and MFI-52. He is a former Audit Committee Chair.

Neither of the honorees are in attendance today, so their awards will be presented to them at their local society meetings.

### **Executive Director's Report**

Tom Wierman presented the Executive Director's Report. The COPAS office space is actively being marketed for a sublease. There is interest in the space. The current lease expires in January 2021. The office records are in storage, and the permanent files are in the salt mines.

As a reminder, no correspondence should be sent to the Denver office. Please send it to the post office box. Checks can be sent to the lockbox in Denver which was created to increase internal control.

The CEE webinars have been very popular, and there are plans for 2019 to repeat some of the more popular series as well as add new content. If CPE is not needed, the webinars are recorded and can be provided. Currently, there are intermediate and advanced topics that are being discussed.

Weekly emails are now being sent to the membership. On Monday at noon Central Time, a COPAS recap is distributed. On Tuesday at noon Central Time, an education recap is distributed.

For the APA®, we continue to examine what it will take to develop a review course. The Board will put together a project team.

The Foundation will begin fundraising. The Foundation is a 501c3 organization so any donations are tax deductible. The Board provided a wish list of education items to the Chair.

The marketing plan for 2019 with RSM has been approved. This includes a website rebuild. The rebuild includes changes to the way that ePublications are accessed. Using the new website, you will either have access or you will not have access. The membership database will also migrate when we move.

Tom did research and participated in training on the impact of a recent court ruling on collecting sales tax. It does not currently look like we need to collect sales taxes on publications. COPAS does not meet the threshold on dollar amount or transaction count, but this will continue to be monitored.

Tom will take a pie in the face for charity at the meeting in Memphis. For each \$50 contributed, you will receive a chance to throw the pie. Look at page 49 in the fall issue of *ACCOUNTS* magazine.

#### **Editorial Committee**

Tom Wierman reported that the deadline for the winter edition of the *ACCOUNTS* magazine is October 31. Please contribute material and pictures as soon as possible. The fall edition of *ACCOUNTS* was available September 5.

#### **Audit Committee**

Dalin Error presented the report for the Audit Committee. Dalin thanked Corpus Christi for their hospitality. The Audit and Joint Interest Committee met as a combined group beginning at 8:00. There were 106 in attendance with 57 for Joint Interest and 49 for Audit representing 15 societies. The first-timers were welcomed and the anti-trust statement was read. Next came the Board of Directors report, the AAPL update, and the CEPS Control Panel update.

The Emerging Issues Subcommittee had 123 in attendance with seven different cases presented. There are two topics that will be recommended for further review by the Joint Interest Committee.

Mr. Ellington made a presentation on cryptocurrency during the joint session of the Audit Committee and Joint Interest Committee.

After the presentation, Terry McMurry gave a presentation on the new MFI for Remote Technology Centers.

The Audit Committee and Joint Interest Committees then split and met separately. When the Audit Committee reconvened, a transition of leadership was discussed. Jeremy Rice, the Vice Chair of the Audit Committee had to resign. As a result, it is recommended that Matt Pilkington will advance to Vice Chair from Secretary. The Audit Committee voted unanimously to approve the advancement of Matt Pilkington. It was also recommended that Jeff Wright assume the role of Chair of the Audit Committee effective January 1, 2019. Dalin requested that the Board of Directors vote at their earliest convenience to approve the recommendation of Jeff Wright to be the Chair of the Audit Committee. Currently, the Audit Committee is also looking for someone to fill the position of Secretary.

The Audit Committee also discussed what would make the committee more valuable. The Committee wanted future meetings to be separated and spend more time on specific committee business. Going forward, a new format will be used and local society members will be engaged for help.

Dalin thanked everyone and commented that it had been a privilege to serve on the Audit Committee. Doug Smith presented a token of appreciation to Dalin for his years of service on the Audit Committee.

#### **CEPS Control Panel**

After the presentation on the RTC, Mike Cougevan presented a session on Know Your COPAS Documents regarding how the economic factors are calculated.

After the KYCD presentation, the Audit Committee and Joint Interest Committee split and re-convened. The Joint Interest Committee voted to approve the minutes from the spring meeting, approve the summer meeting, and approve the Employee Benefits Limitation which had no change. The committee also discussed the items referred to it by the Emerging Issues Subcommittee. There appear to be some discrepancies in language so the Chair will seek out a lead to examine MFI-52.
